Democratic David To Fight The Giant Goliath For State Supremacy.

RAN AGAINST DAVIDSON LAST TIME

Makes An Announcement To The Voters Of The State This Morning In Which He Outlines His Platform And Views.

(BY ASSOCIATED PRESS.)
Madison, Wis., June 29.—(City Attorney John A. Aylward today announced his candidacy for the democratic nomination for governor at the fall primaries. His announcement follows:
"To the democrats of Wisconsin: In response to numerous requests from leading democrats throughout the state I hereby announce myself a candidate for the nomination for governor on the democratic ticket at the primaries to be held in September.
"Some of these requests have been put on the ground that having led the party two years ago, I owe it as a duty to the party to lead in the coming campaign.
"Others of these requests have been put on the ground that having made an effort two years ago when the contest was a hopeless one, I should be given an opportunity to make it now when there is a strong probability of success.
"I appreciate the kindly spirit and the confidence which these requests signify, and accept the generous invitation to become a candidate and I hope that if nominated I may be of material assistance in the party in the state.
"Although the contest two years ago was a hopeless one, yet I appreciate the honor the democrats of the state did me in naming me as their candidate for governor. I sought to conduct a clean, dignified, aggressive campaign and hoped in doing so I justified the confidence reposed in me.
"My position on public questions, both national and state, is shown, I am thoroughly in sympathy with Mr. Bryan and the principles of our party, both state and national.
"The time is ripe for a strong, vigorous, aggressive campaign for democratic principles. If nominated I shall make the strongest campaign I am capable of making. I elected I will devote all my energies to carrying out the promises and sacred pledges made by our party to the people of the state.
"(Signed) JOHN A. AYLWARD."

SENATORIAL CANDIDATES PICK CAMPAIGN LEADERS

F. E. McGovern Will Also Make A Speaking Campaign Of The State For Himself.

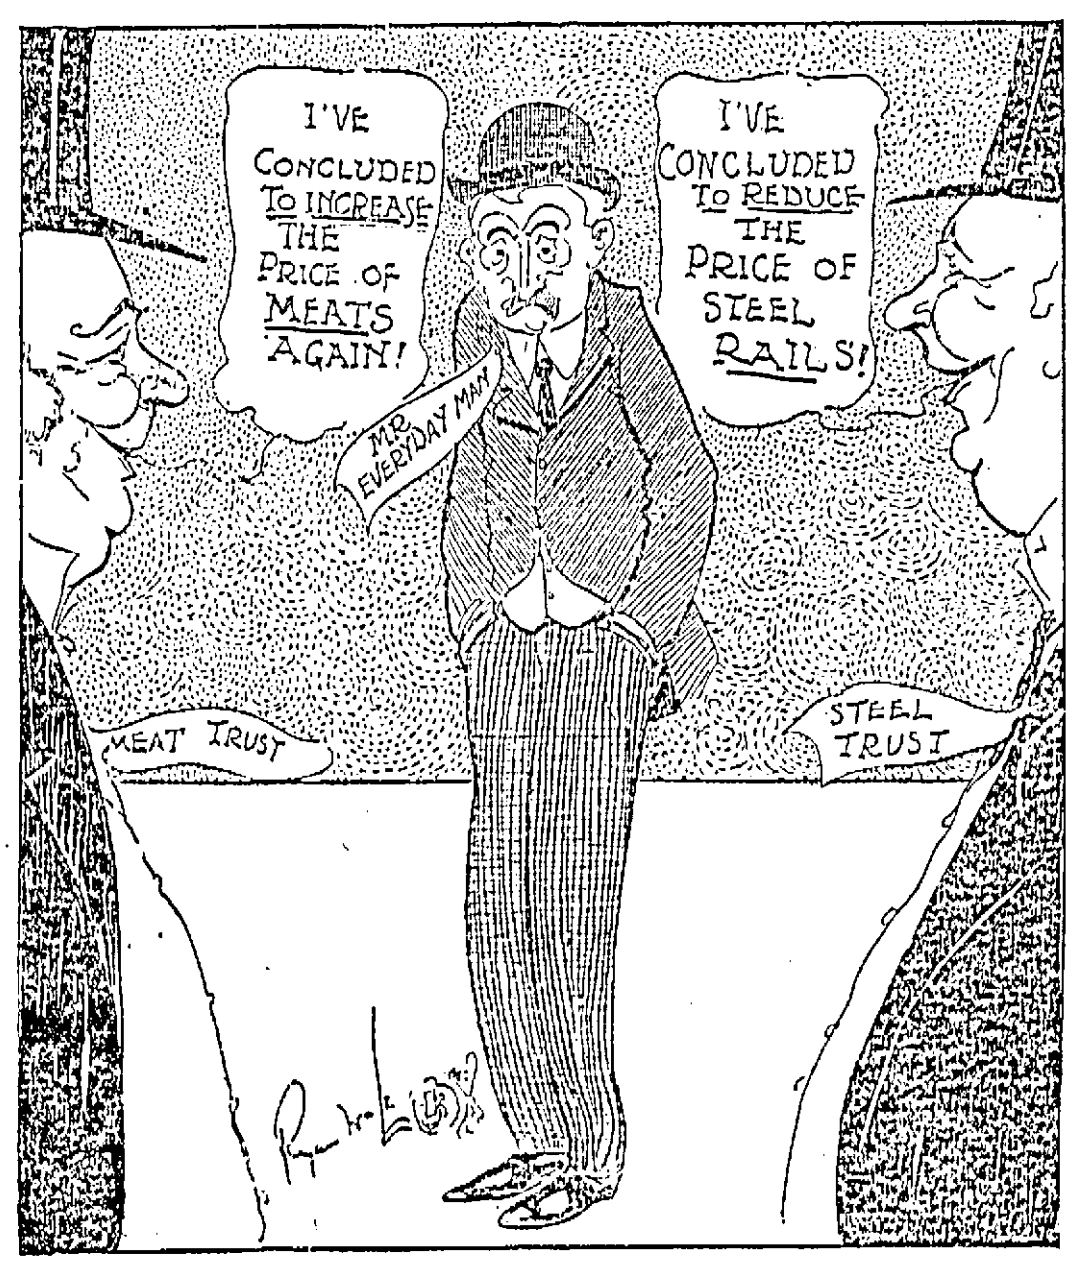

(SPECIAL TO THE GAZETTE.)
Milwaukee, Wis., June 29.—Announcements in the U. S. senatorial campaign came thick and fast. With the arrival of W. C. Cowling in the city came the announcement that Peter J. Koehler would handle the campaign of Milwaukee county, S. A. Cook being the republican nominee for U. S. senator. A little later came the announcement from the McGovern headquarters that Zeno M. Host would be with W. L. Essman in the campaign of F. E. McGovern for the senatorial nomination. More than this, Mr. McGovern will make a speaking campaign of the state. His first address will be at Colby on July 10th, this being followed by an address at Kenosha on July 15th. The latter end of the campaign was represented on the arrival of Assemblyman C. F. Stout, who is managing the state campaign for Mr. Hutton. It is understood here that other Arnold Weidner or Geo. Leuchling will likely manage the Milwaukee end of the senatorial campaign. Peter J. Koehler, who is the representative of the Cook campaign, is the present county chairman of Milwaukee county, and in his adherence to the Cook banner a very strong force has been added to the Cook campaign.

PROHIBITION ISSUE IN STATE OF MAINE

Will Be Chief Issue In Contest For Republican Governor of Maine.

(SPECIAL TO THE GAZETTE.)
Portland, Me., June 29.—The liquor question is again the front in Maine and will be the chief issue in the contest for the republican nomination for governor, which will be decided at the state convention tomorrow.
The republican party is divided on the prohibition question. There has been for some years a demand for the resubmission to popular vote of the Fifth Amendment to the state constitution, by which prohibition of the manufacture or sale of liquor became a part of the organic law of Maine. Those who favor resubmission say that in the first place it is twenty-two years since the people have had an opportunity of expressing themselves on the subject, and that in that time conditions have changed and views may also have changed.
Opponents of resubmission declare that it is but a device of the enemies of the law to break down the constitutional barrier that now protects it from constant assaults in the legislature, and that the present agitation is merely the first step toward license, inspired by liquor dealers and selfish politicians.
The democrats are practically a unit in demanding resubmission, while the republicans are divided, and upon this question, more than on that of tax reform or any other issue, depends the party's choice of a candidate.
There are three applicants in the field to head the republican ticket. They are William T. Haines of Waterville, H. M. Fernald of West Poland, and Frederick B. Boothby of Portland. Mr. Haines and Mr. Fernald are both wealthy. Mr. Boothby is the general passenger and ticket agent of the Maine Central railroad.
Early in his campaign Haines declared himself in favor of resubmission. Fernald has declared himself opposed to resubmission. Boothby, the third candidate, says it is up to the legislature to make the laws and that if elected he would merely execute all of the laws to the best of his ability.
Then one side or the other are arrayed individuals, societies, clubs, churches, educators, newspapers, politicians, and almost every other influential and influential that exists in Maine.

Charleston, S. C., June 29.—This is "Carolina Day," the one hundred and thirty-second anniversary of the republic of the British fleet by the patriots, under command of Colonel Moultrie. Though the anniversary is but little observed nowadays it was in former years an occasion for big celebrations in Charleston. One of the largest and most notable of these celebrations was that held in 1876, when the citizens saluted a number of famous Massachusetts commands, paraded the streets of Charleston.

PROHIBITIONISTS TO HOLD A CONVENTION

Preparations for National Convention at Columbus Are Now Completed.
(SPECIAL TO THE GAZETTE.)
Columbus, O., June 29.—The prohibition national convention for the nomination of candidates for president and vice-president of the United States is to assemble in this city two weeks hence and preparations for the event are about completed. The party members expect the convention to be a record-breaker in the matter of attendance. Interest in the prohibition movement, they declare, was never so high as at the present time, and as a consequence there will be a full attendance of delegates and visitors at the convention from every state and territory.

The field of candidates for the presidential nomination is broadening daily and the prospects are for a lively contest when the convention meets. Among those mentioned as possible nominees for president are Alfred Manderer, an attorney of New York; Dr. W. B. Polmore, editor of the St. Louis Christian Advocate, and Fred P. Wheeler, a wealthy real estate dealer of Los Angeles. Dr. J. B. Cranfill, a Baptist minister of Dallas, Texas, who was a candidate for vice-president in 1892, is also mentioned as a possible choice for the head of the ticket.
Some of the leaders believe that it would be wise to take a candidate from either one of the older parties, selecting a man who has done something for the anti-saloonists, even though he may not have been officially identified with the prohibition party. In that class is Sen. John Wright, a democrat, who is regarded as the father of the prohibition law now in force in Georgia. Another man whose name is mentioned in connection with the nomination is Judge Samuel A. Adams of Lebanon, Ind., who gave a decision about a year ago that the granting of a saloon license is illegal.
For permanent chairman of the convention William T. Wardwell, formerly connected with the Standard Oil company, and W. W. Smith, a New Yorker who has become wealthy and more or less famous as a manufacturer of cough drops, are the two men who are most prominently mentioned so far.

EDUCATIONAL CONVENTION COMMENCES IN CLEVELAND

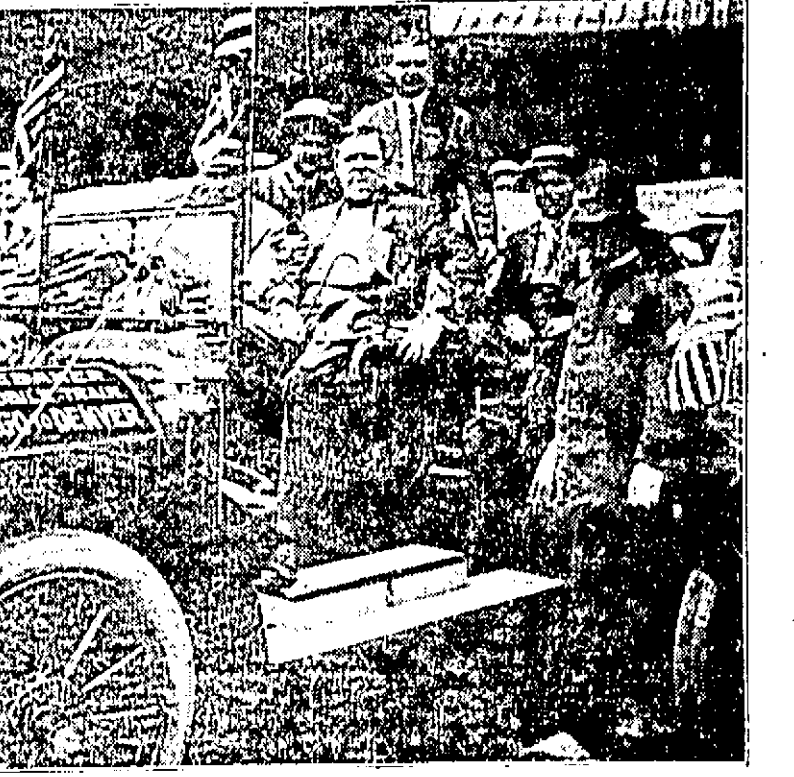

To Remain In Session Until Saturday--Elec- tion Of Officers And Business Meeting Wednesday.

(SPECIAL TO THE GAZETTE.)
Cleveland, O., June 29.—The forty-sixth annual convention of the National Educational Association formally convened today. The first of the general sessions was held in the Auditorium of the New Hippodrome, and sessions of the departments were held in halls throughout the city. It is estimated that more than 25,000 persons have come to Cleveland to attend the convention. Several thousand more are expected, and it is anticipated that the attendance will break all previous records of the association.
The Hippodrome has a seating capacity of several thousand, but had the structure been five times as large, it would not have accommodated the crowd today. Addresses of welcome were made by Samuel Mather, chairman of the Citizens' committee, Mayor Tom L. Johnson and Dr. Charles S. Howe, president of the Cleveland Chamber of Commerce. The response on behalf of the visitors was made by Dr. William O. Thompson, president of Ohio State university.
The convention will remain in session till Saturday. The election of officers and other business will take place at noon Wednesday. The exercises of the convention will be closed Friday afternoon by a "School Playground Festival," an outdoor athletic entertainment for children of the primary and grammar grades, in Rockefeller park, where many thousands of spectators can be accommodated.
A distinguished array of speakers, including some of the prominent educators of the world, will be heard during the week. Among the number are David Starr Jordan, president of Leland Stanford university; Jane Addams, of Hull House, Chicago; Andrew F. West, of Princeton university; Andrew S. Draper, commissioner of education of New York state; W. H. Maxwell, superintendent of the schools of New York city; Joseph Swain, president of Swarthmore college; Charles F. Harris, former United States commissioner of education; Sarah Louise Arnold, dean of Simmons college; and James H. Baker, of the University of Colorado.

ILLINOIS DEMOCRATS ARE HALTED BY THE CYCLONES

Denver-Bound Delegates Reach Lincoln After Wild Ride Over Muddy Roads.

Lincoln, Neb., June 29.—Tired and hungry and bespattered with mud from head to foot, the democratic delegates from Illinois which by making the trip to the Denver convention in autos, arrived in Lincoln at 10 o'clock last night. They had been on the road since early morning and had made less than fifty miles during the day.
The party left Omaha at 3 o'clock Saturday afternoon. The run of seventy-five miles by road to Lincoln, it was expected, would have been made in less than ten hours, but in the calculations Nebraska winds, a cyclone and Nebraska's roads were left out. Nine miles from Lincoln the five autos in the procession became stuck in the soft Nebraska mud. Several teams of husky mules had to haul the machines out.
Saturday evening, when just west of the little town of Valley, a small-sized cyclone struck the party from Illinois. Rain fell in torrents, trees were uprooted on the sides of the road, roofs were blown from the houses and barns and a lively time generally was had.
Forced to Desert Autos
The politicians were far away from shelter. They were obliged to weather the storm as best they could. It was a badly scared party that was left when the storm had passed. About four inches of rain fell and the roads were impassable. The autos were left by the side of the road and the party returned by foot to Valley for the night.
A fresh start for Lincoln was made early Sunday morning, but the going was very heavy. Fast time was an impossibility. Creeks and rivers had become swollen, and in order to get across Rock Creek a detour of several miles had to be made.
Big crowds lined the streets when the tourists arrived. They were greeted with cheers and by a large-sized reception committee which took them in hand.
Visit Bryan Today
This morning the party visited Fairview and Bryan. "We have had a most delightful trip," said Judge Bertrama of Chicago, "or we did have until we struck Nebraska and the rain. The riding yesterday was something awful. We hope for better roads after leaving Lincoln." The party was extensively entertained.

TORNADO KILLS SEVEN PERSONS

VILLAGE OF CLINTON, MINN., IS
RAVAGED BY A STORM.

MORE THAN SIXTY INJURED

Relief for the Residents Is Needed—
Pukwana Nearly Wiped Out
But No One Is Hurt.

St. Paul, Minn., June 20.—A special dispatch from Graceville, Minn., gives additional details of the tornado that struck Clinton, a town of 400 inhabitants in the western part of Minnesota, late Saturday afternoon, killing seven people. The dispatch says that over 60 were injured, but that only 11 were seriously hurt.

Thirty-three houses in Clinton were destroyed and 25 were practically ruined. Two hundred people are homeless. Medical aid is sufficient as doctors from Graceville and Ortonville have been in constant attendance on the injured, but scores are destitute of clothing and outside aid is needed. Those killed were: Mrs. G. W. Johnson, Fred Stottsbury, Thomas Rothwell, Kate Mills, Mrs. Olaf Nielsen and baby, and Mrs. Rebecca Vandermark.

Town of Pukwana Destroyed.
Mitchell, S. D., June 20.—The little town of Pukwana, in Irwin county, about 50 miles west of Mitchell on the Chicago, Milwaukee & St. Paul railroad, was almost wiped out at 11 o'clock Saturday night by a tornado. No one was injured.

Between 12 and 15 stores and homes were destroyed, and there was not a house in the town that was not damaged. Two large elevators were blown down across the Milwaukee track, covering a freight car. The railway station was wrecked. On the ranch of Carpenter Samberg, adjoining the town on the north, all buildings but two were destroyed, entailing a loss exceeding \$100,000.

Crops Ruined by Hail.

The tornado was accompanied by rain and hail, which covered a strip of country three miles wide. The entire farming country in the path of the storm was ruined. A coal car standing on the Milwaukee track was half filled with hail stones.

A small tornado was reported ten miles east of Mitchell, but the damage was slight.

FOUR SEEK TO BE GOVERNOR.

Opens in St. Paul Wednesday.

St. Paul, Minn., June 20.—The Republican state nominating convention will meet in this city Wednesday, to select candidates for governor, lieutenant governor, secretary of state, state treasurer, attorney general and for two places on the board of railroad commissioners.

Chief interest centers in the contest for governor, and, according to present plans, four names will be presented to the convention for that office—those of J. P. Jacobson, Edward T. Young, Joel Heatwole and Samuel J. Snider. Jacobson is in the lead in the matter of instructed delegates, but no candidate has enough instructed delegates to insure him the nomination.

FOUR PERISH IN FLAMES

MOTHER AND THREE CHILDREN
DIE IN MILWAUKEE FIRE.

Father and One Son Are Rescued But
They May Not Survive Their
Injuries.

Milwaukee, June 20.—The family of Julius Krueger, a laborer, was almost wiped out early Sunday morning by fire, which brought death to the mother and three children.

The father and one son escaped, but are so badly burned that they may not recover. The two who survived were rescued by a watchman, Henry Hagan, who carried them out of the burning building.

Krueger was a laborer in the roofing plant of Jeger & Gezeloch and lived in two small rooms in one end of the plant. The fire started in that end of the building and by the time the fire department arrived four of the family were dead. The father and son were sleeping on the first floor and the other four became confined in the smoke and were apparently unable to find the exit. The father and son were overcome in the hallway at a door which was broken down by Hagan.

The dead are: Mrs. Julius Krueger, 28 years old; Julia Krueger, Gilbert Krueger, two years old, and Eleanor Krueger, one year old.

Jonah, Minn., June 20.—Fire which started in the Grand Trunk passenger depot here Sunday became so threatening that aid was summoned from Grand Rapids and Lansing. A high wind was blowing and the fire spread rapidly. The buildings destroyed include the Grand Trunk and Pere Marquette passenger depots and freight sheds; the First Presbyterian church; Kopitz-Melcher coal storage plant; Mansfield and Hong hay warehouse; and several smaller buildings.

PATTERSON DEFEATS CARMACK.

Tennessee Democratic Primary Is Victory for Local Option.

Memphis, Tenn., June 20.—Further returns received from Saturday's Democratic primary election in this state, indicate the certain nomination of Gov. Patterson over former United States Senator Edward W. Carmack. Tallie returns received by the Commercial Appeal give Patterson 734 delegates' votes and Carmack 581. Carmack followers, it is stated, will probably contest the election in two small interior counties, charging fraud. The loss of the delegates involved would not affect the result. Gov. Patterson's popular majority is about 9,000 votes.

The election was held on the county unit plan, Senator Carmack favoring state-wide prohibition and Gov. Patterson announcing for local option. The governor said, however, on the stump, that if the Democratic platform called for state-wide prohibition, he would sign such a bill if passed by the legislature.

Young Man and Girl Drowned.

St. Joseph, Mo., June 20.—While Mabelle Fisher, Anna Taylor, J. Miss Redman clung to the boat until rescued by Roy Taylor. Parker swam ashore.

BRYAN'S FRIENDS ARE JUBILANT

SELECTION OF BELL AS TEMPORARY
CHAIRMAN PLEASES.

FIGHT FOR SECOND PLACE

Long Contest Over Vice-Presidential
Nomination Expected by Demo-
cratic Leaders Now at
Denver.

Denver, Colo., June 20.—This city took Sunday its last political slumber for at least a fortnight to come. The Democratic politicians of prominence who have already arrived for the national convention of next week left in the morning for a pleasure trip into the mountains. By the time they are all on the ground once more, the advance guard of the state delegations will be here, or on their way, and there will be an ever increasing activity until the red flag has flickered down and the final scene of the Democratic national convention.

The out-and-out Bryan men are highly pleased over the easy manner in which Theodore A. Bell of California was named for temporary chairman. There were reports before Mr. Bell had been selected that a fight was to be made on him by Thomas Taggart, chairman of the national committee, and Roger C. Sullivan, the national committeeman from Illinois, but the promised struggle did not materialize. They are now counting confidently upon the selection of Henry D. Clayton of Alabama for permanent chairman.

Southern Man Is Wanted.

No particular opposition has been made to Mr. Clayton, and there are no present signs of any fight against him. Other names have been mentioned, but none from the south save that of Senator Bailey of Texas, and it seems to be practically certain that he will not be able to attend the convention because of ill health. It is known that Mr. Bryan desires a permanent chairman from the south, and the Bryan men believe that with Senator Bailey eliminated no man other than Clayton will be considered.

Very little talk has so far been heard concerning the platform, but it is believed among the recognized leaders now here that the fight over the "injunction" plank in the Republican resolutions committee may find a parallel, when the Democratic platform builders are fairly at work. It is generally understood that in the event of the Bryan people securing control of the resolutions committee the declaration of principles will follow closely the planks of the "Lincoln platform."

Open Fight for Second Place.

The vice-presidential situation, from the present outlook, offers the greatest encouragement to that class of delegates which is looking always for excitement at a political convention. Unless the nominee for the first place on the ticket should demand of his friends the selection of a running mate on whom he may have set his heart, the indications would seem to point to numerous ballots in the completion of a ticket. That frequent balloting and spirited contests are wonderful features in creating enthusiasm is asserted by Democratic leaders now here, and they are looking forward to a scramble over the vice-presidency, particularly if a nomination for the presidency is made on the first ballot.

Some of the names now heard are those of men who have said they do not desire, or would not take, second place. They will have warm friends in the convention nevertheless who are likely to make friends for them if Mr. Bryan should be named and fall to voice his preference for a running mate. Among these are Gov. Johnson of Minnesota and Judge George Gray of Delaware, both of whom will figure in the ballot for the presidential nomination. The names of five New York men are looming up conspicuously in the pre-convention gossip over the vice-presidential situation. These are Morgan J. O'Brien, former chief justice of the New York supreme court; Norman L. Metz, city comptroller of Brooklyn; Former Representative Charles A. Towne, Lieut. Gov. Lewis S. Chandler, and former Representative Francis Burton Harrison.

Another entry was made in the list of vice-presidential candidates Sunday, headquarters having been opened for Jerry B. Sullivan of Iowa, who was twice Democratic candidate for governor of his state.

Cottinje, June 20.—The trial of 36 prisoners charged with revolutionary activity in connection with the discovery of a score of bombs here last year, and during which sensational testimony was adduced involving Crown Prince George of Serbia in a conspiracy against Montenegrin, resulted Sunday in six of the accused being condemned to death, three to life imprisonment and 27, including five former cabinet ministers, to terms of imprisonment ranging from six to 20 years.

El Paso, Tex., June 20.—Fifteen hundred troops have arrived in Torreon, Coahuila, as reinforcements for the garrison at that point. It is reported that the revolutionists have occupied Matamoros, Coahuila, about 15 miles from Torreon, and that Americans are sending their families away from there as rapidly as possible.

Two hundred men of the Eighteenth battalion, Mexico Infantry, arrived in Juarez Sunday afternoon. In Chihuahua patrols are stationed in the streets and public houses, and the jails are guarded heavily.

San Antonio, Tex., June 20.—Officers at Fort Sam Houston are kept posted upon the progress of the so-called revolution in northern Mexico, but have received no orders to make any preparations to march to the border. The consensus of opinion among them is that no federal troops will be needed.

A dispatch from Saltillo, Mex., says: "Three companies of the Seventh regiment stationed in Saltillo, under command of Maj. Corvantes, were ordered to Viesca, this state, where, according to meager reports, received, an attack was made upon the residence of Mayor Thomas Zortache, several persons being killed. The family of Mayor Zortache is reported to have escaped."

"The rioters, numbering about 200, cut the telephone wires and tore up the rails of the Coahuila & Pacific railroad between Viesca and Torreon. A passenger train on this division, was held up at Purras. The cause of the riot is not known but it is presumed that dissatisfaction with the mayor is the cause of the trouble."

A long-distance telephone message from Del Rio, Tex., says that Edward E. O'Reilly, a San Antonio newspaperman who left here Saturday to report the revolution in Mexico, was shot in the arm and his Mexican guide killed by the revolutionists.

ECLIPSE OF SUN OBSERVED.

Phenomenon Attracts Many Astronomers to the Naval Observatory.

Washington, June 20.—The eclipse of the sun served to attract astronomers and spectators to the United States naval observatory here Sunday, where that event was observed with keen interest. The day could hardly have been more favorable for the purpose, and through the courtesy of Capt. W. J. Barnett, U. S. N., superintendent of the observatory, a large number of persons gathered there to observe the phenomenon.

Prof. George H. Peters of the naval observatory took seven photographs with the photoheliograph, which showed, in addition to the moon projected upon the sun, three fairly large sun spot groups. The planet Venus, which is passing between the earth and the sun, was visible through the telescope attached to the photograph equatorial during the eclipse.

Mr. Kite—I'm going to take a flying trip to the city. Want you join me, Mr. Tin?

Heart to Heart Talks.

By EDWIN A. NYE.

THE BRIDEGROOM.

The groom was attired in the conventional black—News Item.

Same old story—black, conventional black.

Entire paragraphs are lit up with descriptions of the wedding decorations, the gowns of bride and bridesmaids, even to the bouquets the maids are to carry.

The groom gets just one line descriptive of his toilet.

You see the groom is a "mere man."

For days in advance and after the wedding the society columns tell of the bride's trousseau, the way her hair is dressed, lingerie, veil, et cetera, but who gives a single thought to the groom's bridal regalia?

The groom's hair is combed just as he combs it every day.

The collar he wears will be of the same style he is accustomed to wear.

His trousers will wear the usual crease; a little more expensively of shirt bosom; no color, mind you—nothing but white and black.

Should he presume to carry a bouquet he would be incontinentally mobbed.

He is permitted to wear only "the conventional black," a meek disposition and a doubtful smile.

And thus attired he is led like a sheep to the slaughter, and, like a lamb before his shearer, he is dumb.

On the wedding day nobody pays any particular attention to him.

He is a sort of necessary evil. The show could not well proceed without him.

He is not exactly a supernumerary. But the spot light seldom hovers over his station on the stage.

He is on the programme, he is in the cast, but he receives no applause.

Ah, my brethren—

It is a far cry from the day when the stone age man wooed and won his mate with a conventional knobby club.

It is even a far cry from the day when the wedding ring put on the finger of the bride meant something.

For, you know, the wedding ring is a survival of the day when the bride was actually OWNED—when the ring, instead of being around the finger, was put around her neck or around her waist for the convenience of her OWNED.

Ah, my brethren—

The halcyon days of absolute lordship are over. The shoe is now on the other foot. And here is where every Benedict makes his mistake.

He permits himself to be suppressed, subjected, snubbed, ignored on the very verge of his matrimonial career.

Why should we wonder at the sequel?

Concerning You, Perhaps

This thing of buying goods is not only a question of necessity, but sometimes becomes one of arithmetic. If, however, you should conclude to deposit your \$10 with us during this sale of ours, we will give you \$15 to \$20 worth for it. That certainly beats the bank. We always make it our principle to look after your interest.

THE KEYNOTE OF HIS PRESIDENCY

When teeth begin to decay they should be seen at once, so as to arrest the process of rotting. If taken in time, decay can be prevented in the teeth of old or young. But there must be no delay. Once decay starts, the whole set is liable to become contaminated. My specialty in life is to cure for your teeth. I look after them in such a way as to prevent decay, or remove it when apparent and stop the rotting process.

My work will be Good Work. Good as to quality—and good because it will be done with the thought constantly in mind of Not causing the least pain. When it comes to prices you may depend upon getting a "square deal", as President Roosevelt says. I don't want all the money you have got.

RIGHT ARM SEVERED BY A CIRCULAR SAW

William Denoyer, Proprietor of Grist Mill at Afton, Met With Terrible Accident This Morning.

William Denoyer, proprietor of the grist mill at Afton, had his right arm taken off just below the elbow in a terrible accident which occurred about half past eight o'clock this morning. Some time ago Mr. Denoyer set up a small saw-mill over the roadway and had been doing an excellent business sawing logs for farmers. As he leaned over the saw to push a slab out of the way this morning he lost his balance and fell upon the whirling steel. Employees stopped the machinery and ran to his aid as quickly as possible and the flow of blood was stopped by improvised bandages. Dr. James Gibson was summoned from Janesville and the patient was reported later in the day to be resting as comfortable as possible under the circumstances. Mr. Denoyer is about 55 years of age and has always been a man of tireless energy.

The Novel Window Display.

The window trim of D. J. Luby & Co. is attracting many people. The purpose of the display evidently is to show the material used in the construction of Regal shoes. A buzzsaw is erected and run by electric power and is made to cut the shoe directly in half. The shoe is then opened to the public so that the layers of leather used in its construction can be seen at a glance. It is a very interesting demonstration.

LOCAL PARAGRAPHS.

Raft of Trouble for Mary: Mary Butler, who was taken into custody along with Janet Williams Rice when the place at 327 South Main street was raided last Monday night but who was released on her own recognizance the following morning, after the officers had satisfied themselves that she was, as claimed, only a visitor at the place at the time, met with more trouble after leaving here. Arrested at Brookhead for drunkenness, she was committed to the Monroe jail and just got out in time to come back to Janesville today and testify against Mrs. Rice, in case she should be needed.

Give That Horse Some Air: "So wonder horses are overcome by the heat when their boxes of rest have to be spent in dirty old stalls which haven't any ventilation," said a well known authority on equine subjects today. "That little window up above the manger isn't going to do the horse any good when he's lying down. A hole cut through just above the floor is what is needed and the man who has any feeling for the poor brute, or sense enough to know that they've got to have fresh air the same as he has, will see to it that such an aperture is provided."

Enjoyed Musical: Mrs. Lappin entertained a number of ladies at her home this afternoon at a musical. Mrs. Carrie Jacobs Bond, who is visiting Mrs. Edward Davies, sang a number of her own songs.

YEAR IN PRISON FOR JANET RICE

Aged Woman Wept When Her Sentence Was Pronounced in Municipal Court This Afternoon.

Janet (Williams) Rice appeared in municipal court at three o'clock this afternoon and amended her plea of "Not guilty" to "Guilty" in the action brought against her by the State for conducting a house of ill-fame at 327 South Main street. District Attorney J. L. Fisher said that he disliked very much to ask the court to punish such an aged woman by imprisonment in the state penitentiary but that in view of the fact that she had persisted in remaining in the city and in the residence district to boot, after being indicted by the grand jury in 1904 and released on payment of \$250 and costs with the understanding that she was to leave this part of the state forever, he would have to make such recommendation. Judge Piffel said that the prisoner was entitled to no sympathy whatsoever except as an aged woman and that only this latter consideration would prevent him from imposing the maximum punishment provided by law. Mrs. Rice was sobbing all through the arraignment by the District Attorney and the sentencing of the case. The sentence was one year at hard labor in the state prison at Waupun.

The court was disposed to be lenient with Pay Darlington and Florence Starr who pleaded guilty to being inmates of the place but who were held as witnesses, on account of their going on the stand and telling the truth during the preliminary examination of Mrs. Rice, and in view of the further fact that each had already spent several days in jail.

The finest assessed against them were \$15 and costs amounting to \$2.55 each, with the alternative of 15 days in jail. A woman friend from Milwaukee paid the fines.

To cure a stomach trouble, first Digest the Food

That is essential. The pain is caused by undigested food, which irritates the stomach lining. The stomach can certainly never get well while that irritation continues. No need to doctor the stomach. And dieting helps but little. The vital thing is to do the stomach's work. To eat what you want, and digest it. Then the stomach, in a little time, will do its work itself.

There is only one way to digest all food. That is Kodol. Pepsin digests albumen only. Starch requires something else; fat something else. Then bowel digestion must be accomplished too. That requires other ingredients. It requires an exact combination, to digest every food, and it must be in liquid form. Kodol is that combination. In test tubes, in our laboratories,

we have seen it digest every food that man eats. It does the same in the stomach, in one-third of the time. One can't cure the stomach by giving it half-way help. There are many partial digesters—perhaps you have tried them. But, however careful you are with your diet, there is food which they can't digest. The irritation continues. But Kodol, whatever you eat, digests it at once and completely. Please prove this at our risk. See how instant is the relief. See how quickly the stomach recovers. You will never again permit yourself to suffer from indigestion.

Our Guarantee

On the first dollar bottle of Kodol your druggist gives a signed guarantee. If it fails to do all we claim, your druggist returns your money. You take no risk whatever. This \$1.00 bottle contains 2 1/2 times as much as the 50c bottle. Made by E. C. DeWitt & Co., Chicago.

FORTY YEARS AGO

Janesville Daily Gazette, Monday, June 23, 1868.—Potato Bugs.—These nuisances have been a little slow in their movements this season, but they are now taking hold in earnest in some localities. A gentleman informed us that they had already made havoc with about half of his potato field and were "going for" the balance.

Burglary.—The but and egg store of Charles E. Hoffman, 171 Main street, was entered last night, on the rear, and twelve dollars and some eggs were stolen. Whether any butter was taken Mr. H. does not know, but it is safe to assume that the thief did not carry away much in his trousers pocket with the thermometer at ninety degrees.

A Row.—Four or five kegs of beer enclosed by eighteen men, started from Roethinger's brewery yesterday afternoon and got to fermenting badly in the package and was noisy as it passed down on the south side of the river. When it got to the boarding place of the men it smashed a rocking chair, upset the tea table and would not be quiet until an officer was sent for. We hope there will be a remedy for this sort of thing.

Why Not?—Since there is a good foundation on Milwaukee St. to make a decent thoroughfare, the idea has suggested itself to us that such a one might be made by excavating it to a depth of 4 or 5 inches with the coarse gravel which is found in abundance ready at our hand. In order to prevent getting sand mixed with it it ought to be screened. It seems to us that it would have the same effect as macadamizing with broken stone, while at the same time it would be cheaper and more durable as well as harder.

Suicide at Milton.—We learn that a man apparently of English birth and about fifty years of age committed suicide at Uncle Joe Goodrich's hotel this forenoon. He was engaged in reading a newspaper at the time. Holding it up in front of his face he drew a single bullet, placed it against his head just back of the ear, fired. His name and where he came from are as yet unknown.

Technically he was under arrest, charged with crimes in connection with the management of the Ohio Trust company, which he was instrumental in organizing in 1903 and which closed in January. Along with him were indicted James G. Gibbs, president of the Ohio Trust company; F. W. Christian, secretary and treasurer and William Porritt, director.

THAW NOW ASKS TRIAL BY JURY

NEW MOVE IN EFFORT TO HAVE HIMSELF DECLARED SANE.

BEFORE SUPREME COURT

Taken from Poughkeepsie to White Plains on Writ of Habeas Corpus—Statement by the Prisoner.

Poughkeepsie, N. Y., June 29.—Harry K. Thaw left Poughkeepsie Monday morning in the custody of Under Sheriff John Townsend, who will produce him in the supreme court at White Plains in obedience to a writ of habeas corpus issued Friday.

Thaw was accompanied by his new attorney, Charles Morschauer, of this city, who will ask Judge Mills to grant a jury trial and to order him detained in any place other than the Matteawan asylum until the question of his sanity has been adjudicated by a jury.

As the question of Thaw's right to a jury trial was not raised in the first habeas corpus proceedings before Justice Morschauer, who decided that Thaw was insane and ordered him recommitted to Matteawan, it leaves a new issue to be presented to Judge Mills.

Statement by Thaw.

From his room in the Poughkeepsie jail Thaw gave out a statement in which he says:

"Before the last writ was served we knew from our attorneys that my sanity was perfect, and therefore made no adequate preparation for the hearing before Judge Morschauer. The doctor at Matteawan told my lawyers and me, and told Dr. Pflerlin the middle of April after I had been there ten weeks, that he and Dr. Lamb had watched me carefully, and that they were positive that I had not the slightest symptom of paranoia. After what he had stated to all these gentlemen, we were not prepared for the way he testified.

"In consequence of this, although Mr. Jerome did not prove that I was not sane, we did not prove my sanity as thoroughly as we should have, and my short testimony late the last night did not improve our case.

All but Baker think him sane. "All the doctors who have seen and examined me have no doubt of my sanity whatever, except Dr. Baker, and until the writ was served and he had visited New York no one could be more positive than he was that I had no delusions of any kind and was absolutely free from paranoia.

"My counsel do not wish me to return to Matteawan, nor do I. After the confinement to which I have been subjected the association with criminal lunatics might ruin my health.

"The fact that I am well mentally and physically after two long trials and 19 months in the Tombs and three months at Matteawan in itself practically proves that my condition is normal in every way."

OBALDIA WINS A VICTORY.
His Friends Carry Municipal Elections on the Isthmus.

Panama, June 29.—Balloting in the municipal elections throughout the Isthmus was concluded at four o'clock Sunday afternoon. There were no disorders here.

A big majority was given the ticket supported by Gen. Obaldia, a candidate for the presidency of the republic in the elections that will take place next month in Panama. Returns from Colon, Aranján, show that the ticket of Obaldia also won there. Reports from several of the provinces say that disturbances occurred but they were not serious.

Though the municipal elections were unimportant, Obaldia's triumph in the capital is regarded as evidence of his popularity, as the supporters of the candidates favored by the government made strenuous efforts to win.

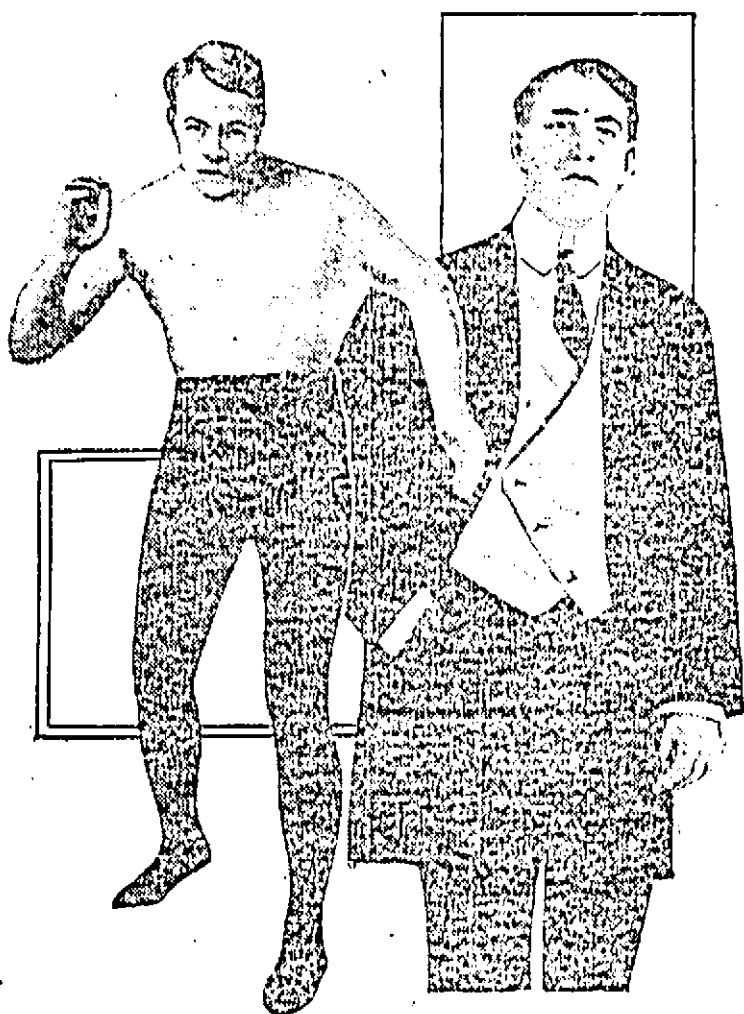

Tribesmen Again Defeat Usurper.
Morocco City, June 29.—The 121 Mtougul tribesmen, following up their advantage of June 21, when they attacked and routed a column of Mulai Hadda's forces, killing 100 of them and wounding 150, have again defeated the followers of the usurping sultan, killing three of his chiefs. Advice received here from Fez are to the effect that Mulai Hadda will leave for Rabat at the end of July.

Suicide at a Band Concert.
Philadelphia, June 29.—A well-dressed man about 30 years of age, supposed to be Joseph Weitzel of Jersey City, committed suicide in Fairmount park Sunday by swallowing carbolic acid among some 2,000 persons who were listening to the Sunday evening band concert.

Slays His Sister's Sutor.
Huntsville, Mo., June 29.—Thomas J. Hagby, 20 years old, was shot and killed near here while standing outside the window to the room of his sweetheart, 17 years old, E. J. Carter, Jr., the girl's brother, admits he shot Hagby, but declares he mistook him for a burglar.

Mormon Elders Are Mobbed.
Rialta, Mo., June 29.—Raged by the crowd to which they were preacher, and then drenched with water from a fire hose, 22 Mormon elders, who arrived here Saturday were forced to take to their heels and promise to make no further effort to conduct services.

DR. G. F. ROLLER MATCHED TO WRESTLE FRANK COTCH

Seattle.—Dr. G. F. Roller of this city is showing remarkable ability on the mat. He has wrestled for a number of years, but only during the last two has he been in the professional game.

Though little known outside of this section, Dr. Roller is one of the most remarkable athletes of the age. Frank Cotch failed to throw him in one hour, and now they have signed up for another match about July 1. He has thrown Fred Beel twice.

LAWYER, LOCOMOTIVE ENGINEER SLATED FOR COUNSEL FOR THE BROTHERHOOD OF LOCOMOTIVE ENGINEERS.

Galesburg, Ill.—James R. Howe, lawyer and engineer on the Chicago, Burlington & Quincy railway, has long been prominent in the Brotherhood of Locomotive Engineers, has long been a resident of Galesburg, and has a very extended acquaintance throughout Illinois. Born and educated in Aurora he went to Galesburg and took a position as an apprentice in the Burlington machine shops. In 1888 he was given an engineer's run, and since that time has been recognized as one of the most competent engineers in the employ of the company.

For seven years he ran the fast mail. For a number of years he has run the "Big" and Kansas City floor, and has made records as a speeder. Meanwhile he took a keen interest in politics and studied law. In June, 1899, he was admitted to practice in both the state and United States courts. Since then he has acquired a large and paying practice. He has made railroad and insurance law his specialty.

GATES VISITS ST. CHARLES.

Bids Farewell to Mother and Gives Away \$25,000 Farm.

Aurora, Ill., June 29.—John W. Gates visited his old home in St. Charles, Ill., Saturday, with Mrs. Gates, to bid farewell to Mr. Gates' aged mother, Mrs. A. A. Gates, before leaving on an automobile tour of Europe. Mr. Gates arose early and went into the barber shop of E. T. Cassidy, who has been at the same stand for 30 years. After he was shaved he threw down a ten-dollar gold piece, and, with a laughing farewell, sought the street.

Prehens play on the walls reaped a harvest of dimes, quarters and half dollars as Mr. Gates walked along. The mob which gathered forced the millionaire to seek refuge in his mother's home.

Later he drove north through the country with E. J. Baker and David Wilson of St. Charles. From Wilson he bought a farm and its blooded stock for \$25,000 that Mr. Baker had long coveted. Mr. Baker's groom was deep throughout the ride, but it was dispelled as if by magic on the return trip.

"Ed, you are deserving," said Gates, his eyes twinkling. "Take this deed to that chunk of land I've just bought."

Mr. Gates waved aside all thanks, his joy being the sight of his friend's emotion.

Why Not Both?

It is absolutely true that the British public goes to the theatre to be amused, not to be instructed. It considers that it pays its money to be amused, and it seldomly regrets the presence of any powder in the jam. It is when this attitude changes that the great renaissance of the British drama will arrive.—London Daily Graphic.

One Reason.

One reason why so many men do all their love-making before they are married is that the ladies are satisfied then to have more or less privacy about it.

"We."

The use of "we" among kings was begun by King John of England in 1119. When editors began to say "we" is not known.
